## AMENDMENT OFFERED BY MRS. LOWEY

Mrs. LOWEY. Mr. Chairman, I offer an amendment.

The CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment offered by Mrs. LOWEY: Page 22, line 22, after the dollar amount, insert the following: "(reduced by \$2,600,000)".

Page 26, line 1, after the first dollar amount, insert the following: "(increased by \$2,600,000)".

Mr. PORTER. Mr. Chairman, I ask unanimous consent that all debate on this amendment and all amendments thereto be limited to 40 minutes and that the time be divided, 20 minutes to the gentleman from New York [Mrs. LOWEY], 10 minutes to the gentleman from Wisconsin [Mr. OBEY], and 10 minutes to myself.

The CHAIRMAN. Is there objection to the request of the gentleman from Illinois?

There was no objection.

Mrs. LOWEY. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, this amendment that the gentleman from Delaware [Mr. CASTLE] and I are introducing with the gentleman from New York [Mr. SCHUMER] restores funding to the CDC National Center for Injury Prevention and Control. Our amendment simply overturns the Dickey amendment passed by the full committee which reduced the bill's appropriation for the CDC injury prevention and control program by \$2.6 million and increased the appropriation for the area health education centers by a like amount.

This amendment will restore the injury prevention and control program to its fiscal year 1996 level of \$43 million, which is the level approved by the subcommittee. My colleagues who support the area health education centers program, as I do, please note that under our amendment, the area health education center will receive an increase of \$2.9 million, or over 12 percent, compared to last year.

Why must we restore funding for the CDC injury control program? Because the injury prevention and control program helps to prevent thousands of needless and tragic accidents and injuries each year.

The injury prevention and control program is one of the leading Federal agencies working to prevent domestic violence. Injury control funds are also being used to prevent drownings at Federal recreation facilities, reduce violence in public housing projects, cut down on driving accidents by the elderly, improve emergency medical services in order to decrease the number of traumatic brain and spinal cord injuries, reduce deaths caused by fires in the home and many, many other life-saving activities.

Unless our amendment passes, all of these vital activities could be affected. So why were funds for the injury prevention program cut? Let me be very blunt to my colleagues. The NRA dislikes the fact that the injury control center collects statistics and does research on gun violence. Even though the injury control program spends only 5 percent, or 2.6 million, of its budget
